Nigel reiterated the request for projections prior to the councils budget challenge, and whether there was a way of showing where the BPC contribution was being spent. Peter explained that accounts and projections will be provided, but that allocating the contribution to a specific area of expense was not really possible

6. Trustee reports:
 - a. eAndrew—reported that the current agreement with BPC ends in February 2026. There is no reason not to renew the licence. Andrew will move forward.
 - b. Leila—talk was had about zero hour contracts, and guaranteed hour contracts. Leila will get together with Peter to discuss the changes.
 - c. Chris—finance projections have shown that despite the increase in turnover losses are continuing. This is primarily due to increased wage costs of zero hours contracts. Peter and Harry will discuss with Cheryl about costs, and ways of reducing the hours
 - d. Harry—as above
